Cookie Policy

How to control and delete cookies

Cookies are small text files that web servers give to browsers to store on users' machines. They enable the website to recognise requests as coming from the same browser and they can be essential for the operation of an application, but they can also be used to track user behaviour.

You can block or restrict the use of cookies through your browser settings. For more information on cookies, their use and how to block them, visit you may want to visit www.aboutcookies.org

Managing cookies

In your web browser you can control which types of cookies you allow. You can turn cookies on or off using your browser's settings. You can also delete cookies and clear your browser's cache (history).
